# Master degree program in Mathematical Engineering

## OPEN DAY

Tuesday, May 31, 2022

Aula IP – Complesso Ingegneria  
Via Marzolo 9 - Padova

15.30-17:00 **Mathematical modeling in support of engineering and sciences:** the Mathematical Engineering academic staff meet with undergraduate students.

The open day aims at illustrating the large spectrum of opportunities that the **Master Degree in Mathematical Engineering (ME)** offers in a work market highly globalized and in rapid evolution.

The Academic staff responsible for the design and management of the Master will present the organization of the courses and their formative objectives.

Students currently enrolled in the ME will answer to the questions of undergraduate students potentially interested in getting such a Master degree.

Some graduates in ME will also participate and will describe their work experience in the light of their formative training.

Dipartimento di Ingegneria  
Civile, Edile ed Ambientale

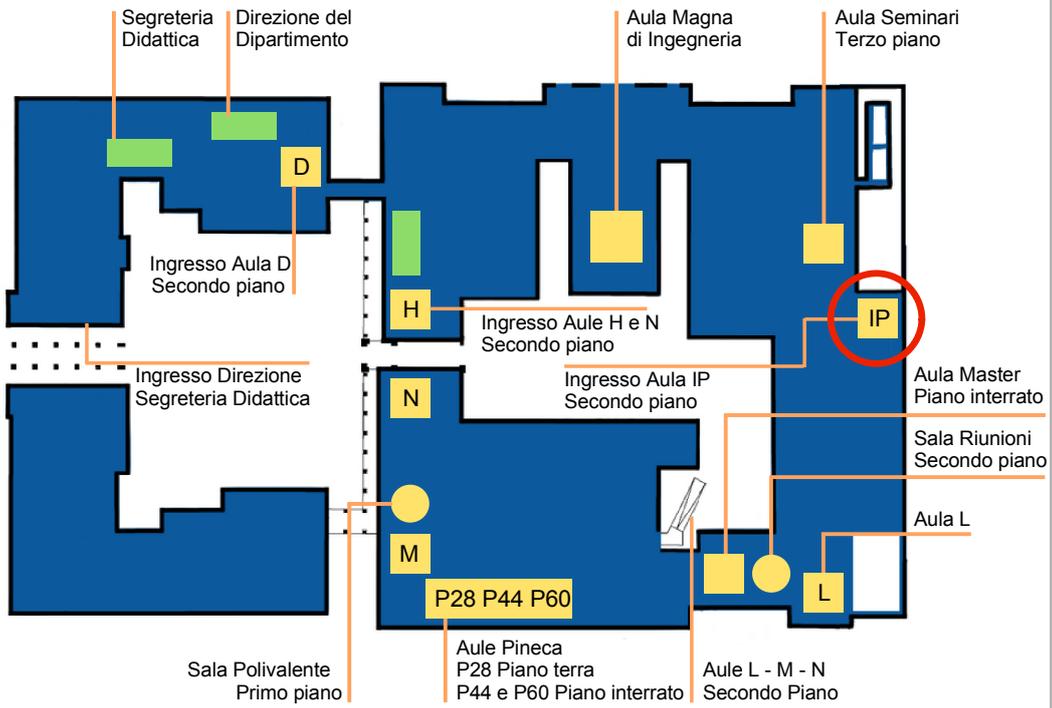

Dipartimento di Matematica  
"Tullio Levi Civita"

Dipartimento di Fisica  
"Galileo Galilei"
